

AUSTRALIAN INTERIOR DESIGN AWARDS 2020

**REGISTER NOW!
ENTRIES WILL BE ACCEPTED
6 NOV – 14 FEB**

ENTRY

There are four simple steps involved in submitting your entries.

01 – REGISTER OR LOG IN

If you haven't already registered or submitted an entry for this year's program, you will need to register. This creates your account so you can make online project submissions, which you manage and may edit up until submissions close. Once you have commenced your submission, you can log in and out at any time without losing submission data. If you have already registered or submitted into the 2020 program, you can log in from the home page using your email address and password.

02 – CHOOSE PRIMARY AWARD CATEGORY

There are seven primary categories, which attract entry fees. Projects may be entered into more than one primary category (e.g. Residential Decoration and Residential Design) and each entry requires a separate submission and fee.

There is one optional category, which is free when entering a primary category. To be considered for this you must submit further information, which will be prompted in Step 3.

There are five automatic categories, which are free when entering a primary category.

03 – CREATE ENTRY SUBMISSION

Before beginning your entry submission, read the Entry Conditions and General

Conditions (following). Submitting an entry means that you have read and agreed to all the conditions, including obtaining appropriate releases and authorities in writing from your client, photographer and, where applicable, the principal of the design practice.

You will be prompted to respond to specific written criteria and upload supporting materials (images and floorplan) in your secure area. Remember that you can log in and out without losing submission materials.

Submission requirements

You must submit 6 to 10 images (not visualisations) of your project in high resolution format.

Use the highest JPG quality setting available. Submit images that are at least 3500 pixels wide, with a file size no larger than 20MB. Images of at least 4500 pixels wide are preferred and will enable a higher quality print coverage.

If your images are coming in above the 20MB size limit, try re-saving them in Photoshop and reducing the JPEG compression level to 8.

To maintain anonymity during judging, no design practice names may appear on images, floorplans or written support materials, however client names may be included.

Drawings, plans & elevations

You should also submit up to 5 relevant drawings in vector-based PDF format (site plan, floorplan, sections, elevations and/or any other relevant drawings, model or concept diagrams), with a file size no larger than 10MB. Drawings must include a scale bar, key and north point.

Tips on preparing your submissions are provided [online](#) »

04 – ENTRY SUBMISSION & PAYMENT

Once you have completed steps one to three you may pay and submit your project. Primary categories attract entry fees but additional categories do not.

The first primary category entry is charged at \$400, with subsequent primary category entries charged at \$300 each. The system will automatically charge subsequent entries (i.e. from the same applicant) at the reduced rate.

Eligible members of the Design Institute of Australia receive a 33% discount on entry fees. Refer to General Conditions for membership eligibility criteria. Non-members entering multiple projects may find it more cost effective to apply for membership so they can access the discounted entry fee option. If entering the same project in multiple primary categories (e.g. Retail Design and Installation Design) two entry fees will be payable. Each submission and payment is confirmed by the issuing of a tax receipt, sent to your email address. Retain a copy for taxation purposes.

Visa, Mastercard and Amex are accepted.
